## Long Arm Machine Quilting Services

Machine Quilting is not an exact science. There are no guarantees of perfection from the Quilters Quarters on quilting services, only our promise to do our best with your quilt top. Quilting price is 2 cents per square inch of top.

All quilt tops should be square, pressed and all loose threads removed. Backing should be pieced and pressed. If The Quilters Quarters must piece the backing or press the top and/or backing, there is a \$10 fee for each service that will be included in the final price. Batting from a roll is preferred, however, if you wish to use batting from a package (plastic bag), it should be understood that wrinkles from the package are very difficult to get flat and may not be completely smoothed out in quilting.

All actual shipping and insurance charges will apply in addition to services charged for quilting. The Quilters Quarters require that all quilts be sent with the appropriate insurance value when coming to us and they will have the value you indicate on your order form when we return the finished quilt to you.

Quilting takes approximately 3 weeks from when we receive the quilt top with your instructions.

Please ensure that the backing is 6 (six) inches larger than quilt top on all 4 (four) sides.

DEPOSIT OF \$50 IS REQUIRED VIA CREDIT CARD ONLINE.
